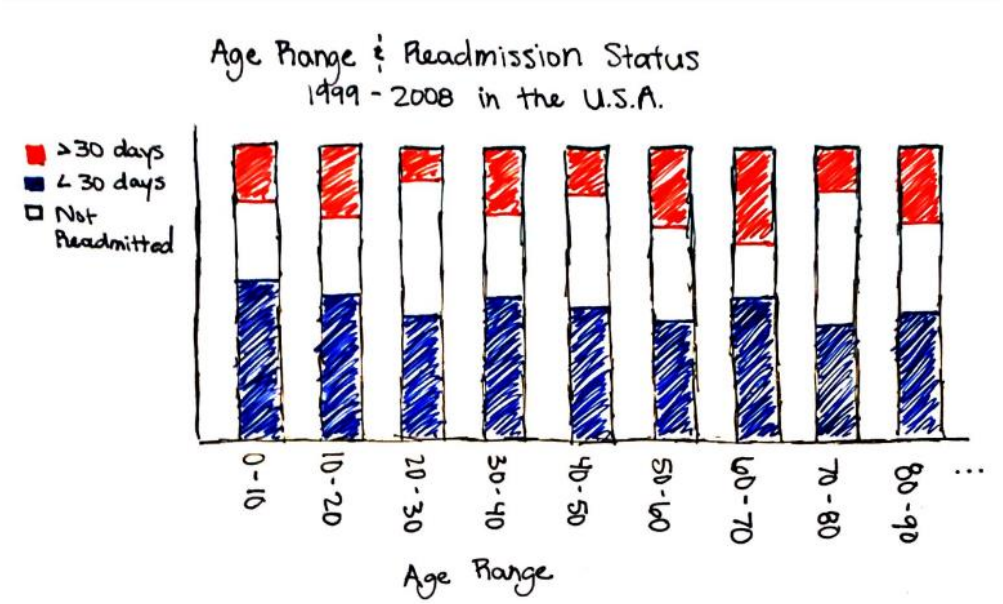
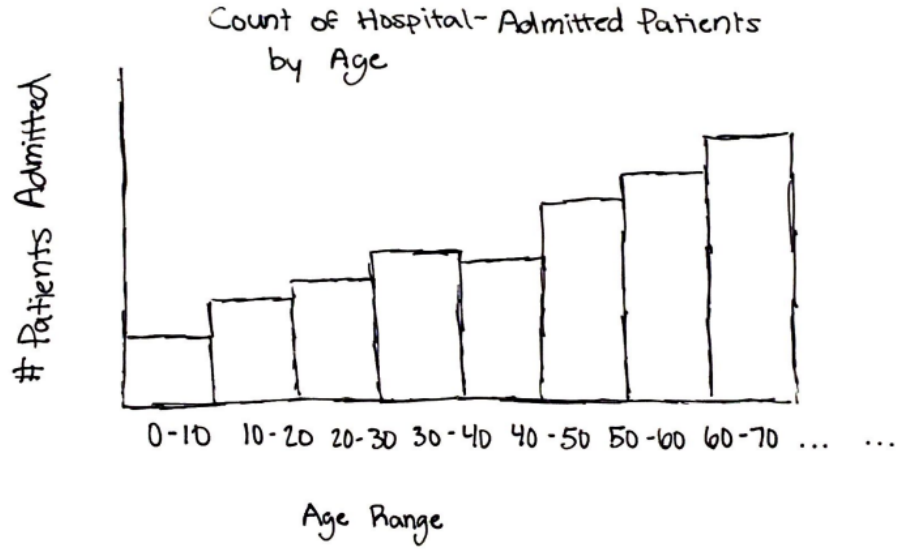
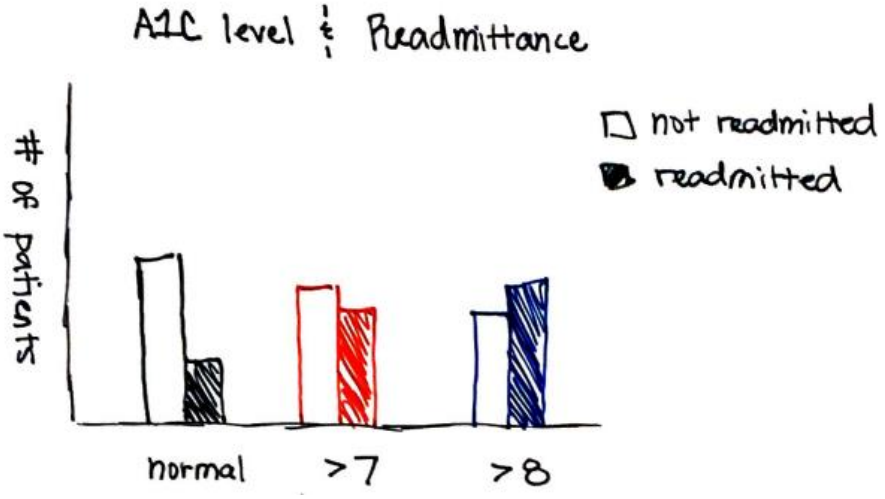
Visualizations sketches



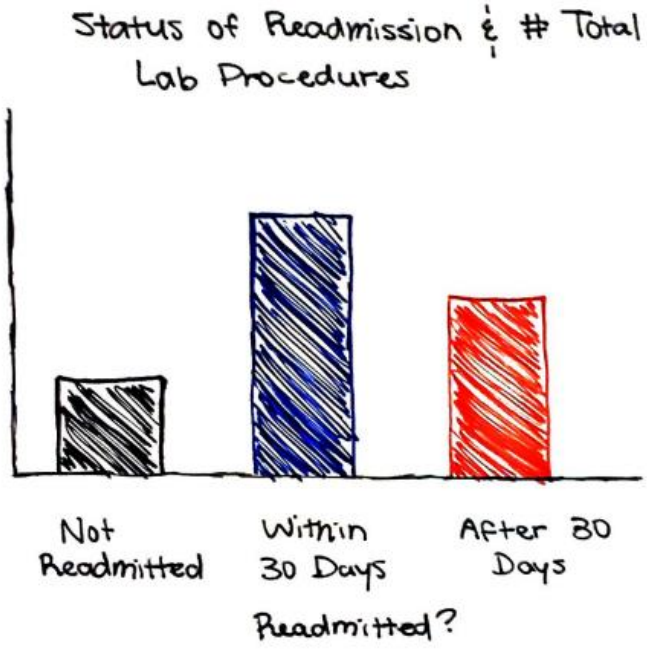
Comment: This works really well!



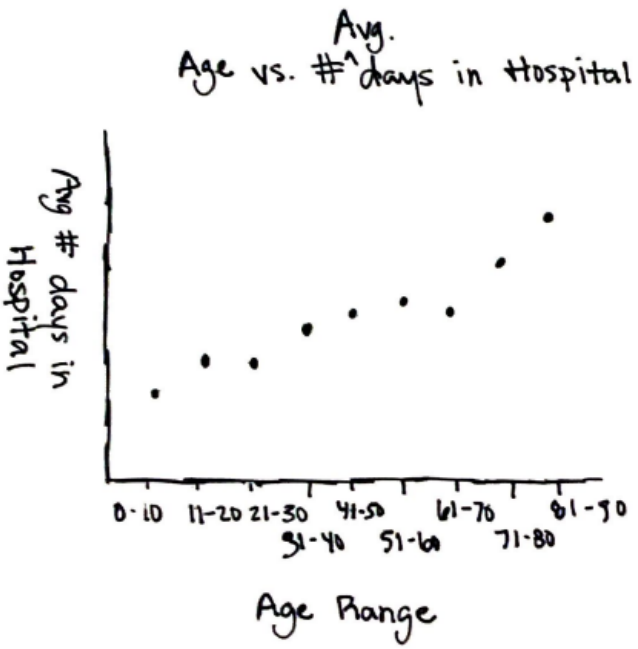
Comment: This is the best way to show this info in my opinion, good job!



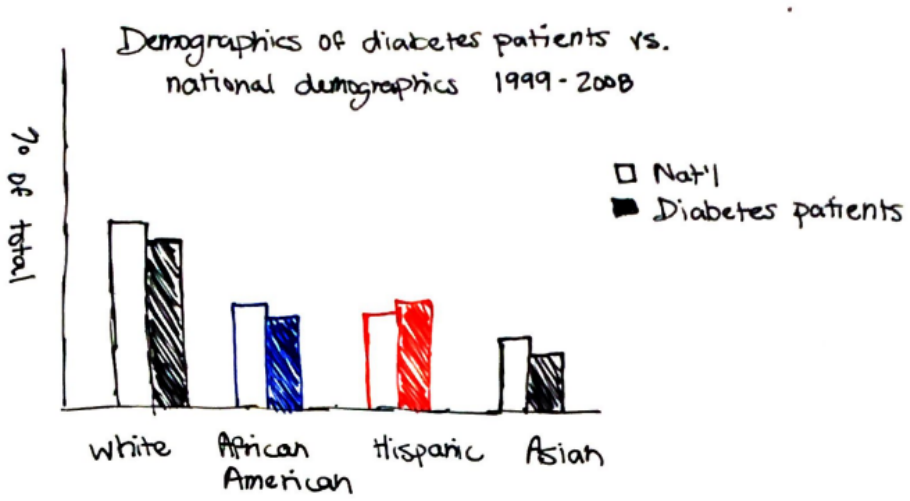
Comment: maybe explicitly mention that <6 is healthy. I don't immediately *know* that from the graph.



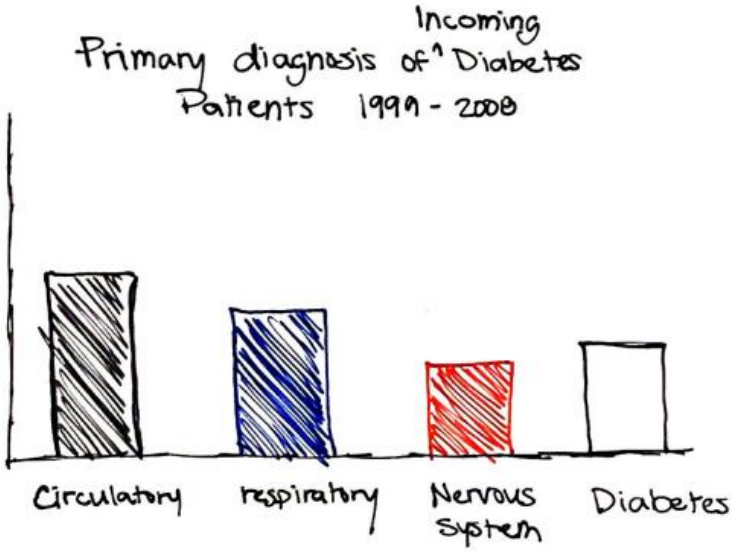
Comment: Y-axis label? Is this a total count of everybody?



Comment: This works well! If the data lends itself to a trend, consider adding a trendline?



Comment: Good!



Comment: Good! (y-axis,pls)
